GET ARRESTED IF YOU RIDE IN THE PATROL

Chief of Police Walker Issues Edict Against Use of "Black Maria" as Jitney.

Hereafter anyone wishing to ride between the east and west side of town in the police patrol will have to be placed under arrest.

Such was the edict as issued from the sanctum sanctorium of Chief of Police Walker yesterday to Drivers Roy Kreamer and Oliver Wylie.

During the past few months that the patrol wagon has been in service it has been the custom of many people living on either side of town to hail the patrol wagon as it rambled out on an errand and ask to be taken to their respective street. So frequent were these cases occurring that it began to prove a menace when going on a call as some important citizen would invariably rush into the pathway of the machine and with outstretched hands ala "Jitney bus" style ask to be given a "lift."

WINEMAKERS HOLD THEIR ANNUAL MEETING

A special train of three cars chartered from Oakland to Winehaven by way of the Santa Fe and Belt Line railways carried the directors of the California Wine Association to the big plant today for their annual meeting and election of officers.

Following the meeting and inspection of the plant the members of the directorate were tendered a banquet by newly appointed Superintendent Wilson.

GYPSY WOMAN TO BE TRIED IN COURT

Marie Mielto, the clever legerdemain Gypsy woman who yesterday while engaged in telling the fortune of Majeste Cabera, at Giant, managed to relieve him of a gold watch and money to the amount of \$35.00, will tomorrow appear in the justice court of Judge Chiches-

ATTORNEY SMITH TO BE BURIED FRIDAY

Final arrangements were completed today for the holding of the funeral of the late barrister Frank W. Smith from the home of Richmond Lodge of Elks, corner of 10th street and Macdonald avenue tomorrow afternoon at 1:45 o'clock, at which time Exalted Ruler H. G. Biggs will conduct the services.

The deceased is survived by a wife, Mrs. Francis Smith, and two sisters, Mrs. T. T. Lovejoy of Newcastle and Mrs. Charles Darling of Penry.

LOOKING AFTER INTEREST OF BROTHER

Jeremiah Heraghty of Reno, appeared at the police station this morning in an effort to affect some settlement as to the disposition of the property belonging to his brother, Peter Heraghty who was committed to the Napa Insane asylum on July 27th, together with his wife, Mrs. P. Heraghty who was found to have also been out of her mind and after an examination before the insanity commission was committed to the Mendocino State asylum.

The two children belonging to Mr. and Mrs. Peter Heraghty who it was rumored at the time were to have been sacrificed on an improvised altar of dry goods boxes owing to a religious rite were placed in one of the catholic orphan asylums at San Francisco.

According to the police Mrs. Heraghty is reported as having regained her normal mind again while her husband is reported to have greatly recovered from the effects of his insanity, with the result that they may be placed under the care of Jeremiah Heraghty on his ranch in Nevada.

From San Francisco. Miss Lorette Frauly of San Francisco spent the early part of this week with Miss Abbey Wright of this city.

ter of San Pablo and answer to a charge of robbery.

The members of the Gypsy band who have made their home at Stege for the past few weeks this morning called upon Constable Moltoza and endeavored to clear their member of the charge falling in which they began to heap abuse on the officials for having the affrontery to arrest one of their kind on the suspicion of robbery.

FATHER TELLS PITIFUL STORY ABOUT PRIVATION

Too poor to bury the body of his little daughter which died a short while following her birth. Dutra Gobba, an Italian who is entirely unused to the present money making schemes of this Twentieth century last evening related to the members of the coroner's jury a tale of poverty and hardship which before he had concluded brought tears to many of the jurymen's eyes.

Gobba who is a partner in the ownership of the Turtle saloon on San Pablo avenue, stated that his receipts for last month were \$4.00 and that he and his partner who are heavily in debt to liquor firms would sell their place of business for any amount which they might receive.

Following the division of the month's receipts Gobba secured a position as a laborer in the Hutch-

RICHMOND EXHIBIT AT EXPOSITION

\$5,000 ADDITIONAL IS NOW NEEDED

The Richmond Exposition Exhibit Committee, having made the best showing possible and it is a very creditable one—with the limited amount of funds provided, is now seeking special features that will help keep the space filled with people. The idea is to get unique exhibits that will attract the eye. A good start has already been made in this direction. The help given Richmond by the county has been a boon.

There is more to be done this week to fill out the Richmond display, but because of the small amount of money at the disposal of

STEGE IS BECOMING "NAUGHTY"

CONSTABLE THINKS JAIL NECESSARY

Stege lacks something. It has a \$25,000 sewer system, electrically lighted streets, inter-urban electric service to Oakland, Berkeley and San Francisco, but it still lacks something which Constable Davis claims would pay for itself in a short time.

W. F. WILSON NEW C. W. A. SUPT.

W. F. Wilson, former assistant superintendent at the Winehaven plant of the California Wine Association, was at a meeting of the directors of the company in San Francisco, the early part of this week, selected as superintendent of the local concern to succeed Elmer Berndt.

TAXPAYERS ASS'N MASS MEETING

The Richmond Taxpayers' Association that has been in process of formation for the past six months will hold its first big public mass meeting Friday evening at the auditorium of the Lincoln school on Tenth street.

At that time the objects and purposes of the organization and what

REMAINS WILL BE INTERRED IN SUNSET

The funeral of Mrs. Bertha Florence Hartman who died at her home at 2021 Roosevelt avenue yesterday afternoon following a short illness caused by blood poisoning, will be held from the family residence at 10:30 o'clock Friday morning, interment to take place in Sunset View cemetery.

The deceased is survived by a husband, James S. Hartman, a conductor on the San Francisco-Oakland Terminal railway lines and was a native of Kansas.

TWILIGHT COURT TO BE HELD AT STEGE

Although it is customary for the judges and justices in most cities and towns to hold what is known as "sunrise court," Justice of the Peace McKenna of Stege intends to deviate from this policy for the securing of a jury composed of laboring men by holding "twilight court" that all witnesses and jurors may be able to attend after working hours.

The two cases which will be heard at the "twilight court" session tomorrow evening will be that of A. J. Haughton of 401 Ripley avenue charged with manslaughter in the case of having run down Mrs. Annie Elizabeth Anderson while he was speeding along San Pablo avenue on Sunday evening, February 14th, who died a short while following the accident, at the Craven hospital.

The other case to be tried will be that of L. C. Hagen, proprietor of Munday's saloon at the County Line, charged with having beat up Abraham Serfine, a tailor of 206 Macdonald avenue, this city, on Sunday evening, for which his bail was fixed at \$100.

Here From Sacramento. Fred Jacobson of Sacramento, a brother of H. C. Jacobson of the Fern Leaf pool and billiard hall was a week end visitor in this city.

NEW FEATURES DEVELOP IN HARBOR LITIGATION

New features bearing on Richmond's proposed Inner Harbor improvements were brought to light today in the suit of the Bay Counties Land company against the Richmond Canal and Land company over the matter of dredging the new channel as laid out in the maps of Col. Thomas E. Ross which was held in the court of Superior Judge McKenna.

Although Superior Judge McKenna wishes to hurry the case as fast as he possibly can it is thought that no decision will be rendered until sometime tomorrow.

City Attorney Hall represented the city of Richmond, Attorney W. H. H. Hart handled the interests of the Richmond Canal and Land company in changing the inner harbor channel to conform with their outer harbor work, also why the old chan-

MISFORTUNE CLINGS TO THE HOTTINGERS

Husband Insane and With Crippled Child, Wife and Mother Now Suffering With Blood Poisoning.

Misfortune greets some people with a handshake, others it clings to like ivy, while others just inherit it, but in the case of Mrs. Dottie Hottinger, residing at the corner of Sixth and Market streets, San Pablo, it developed into an epidemic which has all but wrecked the little household.

The first misfortune to fall upon Bernard Hottinger and his little wife was an accident which caused their young son, Clifford, to occupy a cot in the children's hospital in San Francisco for nearly a year and which has left him a cripple. The second happened a few months ago when the father himself, after continual worrying over his son, became demented and was committed to the Mendocino State Asylum while the last was the contracting of a severe case of blood poisoning by Mrs. Dottie Hottinger herself, which has rendered useless her right arm for the time being.

Dr. Hall Vestal, attending physician, stated today that the case was a very severe one but that he entertained some hope for the recovery of his patient.

WILLOW SPRING IS AFTER NEW SCHOOL

The building of a new school house in the Willow Spring district is the project which is now under discussion in the Moraga Valley section. The trustees of the school, Miss Mary Mulholland, Mat Madison and T. P. Carroll have asked County Superintendent W. H. Hanlon for advice on the best method to pursue. The large land owners in the valley have offered to aid the project and the site in the Moraga townsite is said to be offered free.

VOCATIONAL TRAINING

Encouragement of vocational education is provided in a measure prepared by the State Board of Education and introduced in the Legislature by Senator Strobbridge, of Alameda county, and numbered Senate Bill 236. The purpose of the bill is to give opportunity for agricultural, industrial, trade, commercial and all other practical subjects in the seventh and eighth grades of any elementary school, or in any high school in California. The act provides for state aid to any schools teaching these subjects to the extent of one-third of the amount expended in instruction in vocational subjects.

The main purpose of the act is to encourage the establishment and maintenance of courses of instruction in the public schools, that will prepare, in some skilled occupation, the youths of the state who are not fortunate enough to secure such training elsewhere or in the university or technical schools. The act not only provided state aid for practical vocational courses in the regular schools, but it also provides for the establishment and support of day continuation and special vocational schools and evening vocational schools.

At the present time, barring private technical schools, the State University and State Normal schools are the only real free public vocational schools in California, and since they provide a training for less than 10 per cent of the youths of the state, the remaining 90 per cent are turned out from the schools without any training whatever in occupational pursuits, which they might follow to make a living. In this age of specialization, the youth who has ended his period of schooling without acquiring any craft knowledge, is seriously handicapped and very liable to drift into habits of idleness and instability which seriously impairs his citizenship.

Furthermore the measure advocated by the State Board of Education provides state aid for vocational guidance, so that the young people may secure expert advice before choosing a vocational course in the schools, or upon entering an occupation after leaving school. Provision is also made for vocational surveys by all local board of education establishing vocational educational courses in their schools. This is considered essential in order that particular occupations may not be crowded by preparing too many individuals along the same line.

Provision is also made to give youths taking vocational training practical experience in active industry, by arranging for a certain amount of work to be performed in shops and manufactures, in the fields, orchards and dairies, where proprietors are willing to thus forward the practical education of California children. Local boards may also make a certain amount of vocational work compulsory, where desirable in their judgment.

Senator La Follette's faith in the power of the combined neutrals to fix all the trouble is fine, but, alas, it isn't shared by the belligerents.

OUR STATE'S DEPENDENTS

That the State is heavily taxed to care for the support of the criminals, incompetents and defectives of her population is shown by the numbers of these that are confined in the various institutions. If the numbers of those confined in county hospitals and county jails were added, the total would be almost unbelievable, says the Auburn Journal.

The total population of the various State institutions, hospitals, asylums and reformatories is 14,445, according to the last monthly census report of the State Board of Charities and Corrections rendered yesterday. This is an increase of 953 over February 1, 1914, when the population of the State institutions was 13,942.

The census reports of the State hospitals show that there are 5,559 males and 3505 females, a total of 9065. Of this number 307 are inebriates. The report shows that the greatest number of inebriates are in Central and Northern California. In the Mendocino State Hospital alone there are 65 males and 25 female inmates being treated for excessive alcoholism. The Southern California Asylum for the Insane has the largest population, 2148.

The female population of the San Quentin State's prison has increased three since December, and is now 25. Folsom has no women prisoners. The total enrollment of the two State prisons is 3497 with 836 on parole. The increase in the State prison population over 1914 is 336.

The Sonoma State Home for the Feeble Minded has a population of 1080. Of this number 589 are male and 491 are female. Thirty-two have been paroled. The report of Dr. F. W. Hatch of the State Lunacy Commission shows that this does not represent by any manner of means the total feeble-minded population of the State. The waiting lists already contain several hundred additional names.

The California School for Girls has the least population of any institution in the State, 73; the Industrial Home for Adult Blind is next, with 117, of whom 88 are male; the Whittier School of Industry has a population of 168 and the Preston School in Ione 446 and 343 on parole.

In response to the demand for month organs for the use of the British soldiers and sailors, one of the larger instrument firms in London has ordered 10,000 from Switzerland. All of them are for a single customer, who intends to distribute them among the various ships of the fleet in home waters. Another firm has sold 4000 month organs since the beginning of the war and has placed an order for 4000 more. The only sources of supply now are Switzerland and the United States. All of which goes to prove that war is what Sherman said it was. If 18,000 month organs would not make war hell, then what would?

After a careful perusal of our Bible we learn that the streets of Heaven are paved with gold. Well, Heaven has nothing on Richmond, except perhaps in the quality of the paving material. Our streets are mostly all paved, too.

FEBRUARY 25th.

Ethelbert Watts, United States Consul at Brussels, Belgium, who rendered valuable aid in the relief of the stricken Belgians and in the distribution of food and clothing in connection with the Relief Commission, is 70 years old today. Consul Watts is one of the veterans in the American consular service, and his account of the facts in the neutrality of Belgium will be relied upon, it is believed, to frame the American view of the tragedy of Belgium, when it is finally unfolded after the war. Consul Watts was born in Philadelphia February 25, 1845, the son of a former minister to Austria. He was educated at the University of Pennsylvania and foreign universities. At 17 he enlisted as a private in the Pennsylvania militia. Later he entered the iron business. In 1896 he entered the consular service, and was sent to Switzerland. Later he was sent to Cairo, Egypt, to Kingston, Jamaica, to Prague, in Bohemia, and was made consul general to St. Petersburg in 1903. In 1907 he was transferred as consul-general at Brussels, which office he has held continuously since. While at Cairo, he protested against allowing the Spanish fleet under Camara to coal there, and thus thwarted the Spanish plans for attacking Dewey at Manila. He

has been decorated by the Khedive of Egypt and the Mikado of Japan. Hon. John Burke, Treasurer of the United States, 56 years old today.

Hon. Ralph M. Easley, famous American economist, 57 years old today.

William II, King of Wurtemberg, in Germany, 67 years old today.

Right Hon. Sir Robert Bong of Newfoundland, one of the authors of the Hay-Bond Treaty on the fisheries, 58 years old today.

Edwin Gould, second son of the late Jay Gould, 49 years old today.

Hon. John P. St. John, former Governor of Kansas, 82 years old today.

Hon. George Turner, former U. S. Senator from Washington, 65 years old today.

Princess Mary Alice of Albany, who married Prince Alexander of Teck, 32 today.

MANY OIL MEN MADE POOR IN A DAY

Conservationists in California are rejoicing over the decision of the United States Supreme Court upholding the presidential order in the withdrawal of millions of acres of oil lands in Wyoming and California, valued roughly at a billion dollars, and oil men and mining men are outspoken in their criticism of the court's findings.

The oil men declare the decision sounds the death knell of the oil industry in California and of the independent producer, while, on the other hand, it adds millions to the holdings of the Standard Oil and other great oil concerns, whose flowing wells have been made more valuable by the certain curtailment of production as a result of the court's order.

That there is much room for difference and opportunity for criticism of the decision the oil men declare is shown by the fact that three of the justices in Washington dissented from the opinion of the others. These three are Justices Day, McKenna and Vanderventer, all of them Republicans.

The decision throws back approximately 2,000,000 acres of oil lands taken up and partially developed by operators since 1909, into the public domain.

All the money spent on them by the operators and prospectors is lost, as is their prospect of returns from their venture.

Hundreds of oil men who were classed as wealthy early yesterday morning had every vestige of their prospects swept away by the decision.

The lands were withdrawn by President Taft in 1911, in response

to the public clamor of the conservationists. Under the new proposed leasing system to be inaugurated by the department of the interior, as proposed by Secretary Lane, these oil lands will be subject to government leases, but may not be owned outright and patented under the placer mining claim law as formerly.

The immediate effect of this decision, oil men say, in California at least, will be the cutting down of the state's oil production and probably a resulting rise in the price of oil.

A villain said this morning that a man whose hobby is fishing also has the hobby of lying.

An industrious woman has a great contempt for any canned fruit that wasn't canned at home.

Remember that your hobby may be another man's Red Rag, and don't talk about it all the time.

LAST NIGHT OF THRILLING DRAMA

Hobart Bosworth in "BUCKSHOT JOHN," at the Richmond Theatre.

Today will see the last of the great play of finance and labor at the Richmond theatre. With the intense interest of these days in matters of this character, the play is of added interest, and with a thrilling plot, worked out with great art and skill, public comment on "Money" has been great since the commencement of the showing on the Richmond theatre screen.

The scenario deals with a man of money, who harbors the desire to corner the money market of the world. Any methods that his brain can conceive are brought into use, one of them being the overworking

of men in great iron and steel mills. Life and happiness of the workers matter nothing to the millionaire in his quest of ambition to collect the money of the world.

A strike of the workers is one of the climaxes of the drama. From this time on, a change takes place in the millionaire and the reels close with right triumphant, and the abandonment of the ambition to be a money power without regard to the cost to the workers.

A strong western play is scheduled for tomorrow. Those who have seen it declare that it is one of the most thrilling and realistic of Western plays.

SHERIFF VEALE HAS BIG PROBLEM MAY HAVE TO FOOT LIABILITY BILLS

At the session of the District Attorneys' Association in Oakland C. Bradley, attorney for the State Insurance Commission, was the speaker on "The Liabilities of the Counties in the Matter of Industrial Accidents Among the County Employees." He advised district attorneys to get the supervisors to take out insurance for appointive and elective officials in the employ of the county. He said that all employees even though they are paid through contractors, can sue the county under the new law for liability.

District Attorney Hynes of Alameda said that he was confronted by a peculiar situation in Alameda county owing to the fact that Frank Barnet, the sheriff, had appointed more than 800 deputies, many of

them wealthy, and he wanted to know that in case any of them were killed or injured who would be liable, he or the county.

Mr. Bradley replied that inasmuch as no salary attached to the positions, Barnet was personally responsible to the extent of doctor's bills and funeral expenses, and that the county was in no way responsible.

The opinion of the attorney for the Industrial Accident commission means that a county is liable for injuries to any of its employees, and this takes in every person who does road work.

As Sheriff Veale has many reputations, he may find himself in the same position as Sheriff Barnet. A county salary would not go very far. Barnet, the sheriff, had appointed with a few first class funerals to pay for.

HONOR FRANCIS WILLARD'S MEMORY

On Tuesday evening the members of the Women's Christian Temperance Union will gather in the reception rooms of the Wesley Methodist church at which time they will hold their Francis Willard Memorial services.

A short program has been arranged for the early part of the evening at the conclusion of which refreshments will be served.

The committee which has charge of the evening's affair is composed of Mrs. Grace Rhoades, chairman; Mrs. Amanda Harper and Mrs. E. Glover.

HILLS SEARCHED FOR 3 LUNATICS

Hills and gulches of Contra Costa county are being closely searched today following the escape from the County Hospital at Martinez of three dangerously insane men. Walter Cleveland Dickerson, William Ross and John Antolini.

John Lowry, another inmate, is held at the County Jail for investigation, charged with having supplied the men with a heavy iron bar with which they broke their way out of their cells.

Residents of the county are in a state of terror over their escape.

TIDE OF TOURISTS IS ARRIVING IN RICHMOND

Richmond is already beginning to receive her share of the eastern tourists to the Panama-Pacific Exposition as shown by the fact that last evening Mrs. H. Brown, proprietress of the Imperial hotel, one of the most popular hostilities in this city was forced to turn several eastern guests down, owing to her lack of room.

Those registered at the hotel last evening were: A. L. Nudous of Loy-alton, Illinois, Miss Gertrude Perkins, of Chicago, Miss Madge Calcross of Pittsburg, Pennsylvania, Donata Calafemina of New York City, C. P. Benning of Chicago and Charles White of New Orleans.

REALTY MAN WILL HAVE COURT HEARING

L. M. Hall, against whom a felony charge of embezzlement was placed by Contractor C. W. McMaster, appeared before Police Judge Lindsey today for his preliminary hearing, but owing to the fact that other court business was in session was held over until Tuesday, to appear on that date at 10:00 o'clock. Hall's bonds were placed at \$500.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof
Charles Johnson, P. O. Box 106, Lawton's Station, N. Y., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

SLOAN'S LINIMENT Kills Pain

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure. —adv.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet

or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 25 cent box at any drug or department store, and get relief.

WOMEN WHO ARE IN THE NEWS

Chicago, Ill.—On next Saturday, Mrs. May Belle McArthur, who decided on January 22 that with her it was to be svelte or die, will have completed a five weeks' "beauty fast." Since the latter date, Mrs. McArthur has subsisted on an occasional bit of celery or lemon, and water. She declares that her health has been considerably improved by the diet, and that she feels but little hunger. By Saturday she expects to have lost 40 pounds of her former avoirdupois of 155.

New York.—Mrs. William K. Vanderbilt and Mrs. Elizabeth Milbank Anderson have donated to the national committee for mental hygiene gifts amounting to \$94,500. Mrs. Vanderbilt's gift was \$44,500, and Mrs. Anderson's \$40,000 in addition to her previous gift of \$10,000.

Cincinnati, Ohio.—A women's city club is to be formed in this city, after the order of the Men's City Club, and along the lines already pursued by the women of Chicago, Los Angeles and Boston, who are running their clubs very successfully. These organizations are non-political, and enroll from all classes of women to work for civic betterment. The first mass meeting of Cincinnati women toward organization is called for March 6.

Chicago.—Mrs. F. W. Priester, a sister of Alderman Jacob Hey, will go on record as the woman for whom the ballot comes before marriage. Mrs. Priester, who married yesterday, has postponed the wedding in order that she and her husband might not be away on their bridal tour on Primary Day, February 23.

San Francisco.—Mrs. Phoebe Hearst, mother of William Randolph Hearst, has joined the Congressional Union for Woman Suffrage, and is to take an active part in the propaganda work at the Panama-Pacific Exposition.

NEW TIME TABLE NO CHANGES IN TIME

A new time card is to take effect over the S. P. lines next Sunday but none of the trains now stopping at Richmond will be affected in any manner. Train No. 102 will be taken off this run and sent down the coast, while No. 50 will take its place. No. 84 reaches Bakersfield one-half hour earlier but the arrival in Richmond is the same as before.

MISS BOYD RETURNS TO HOME IN CONCORD

Miss Gertrude Boyd the 16-year-old Concord girl who left her home on Monday to visit in Oakland and whose parents knew nothing of her plans for going to the bay cities was located in Oakland Tuesday and returned to her home in Concord Tuesday night.

Miss Boyd went to the home of her relatives on Tuesday and it was there that her father, Joseph Boyd, of Concord found her on Tuesday afternoon.

NEWSPAPER MAN DEAD

Henry J. Hauschildt, 70 years of age, for fifty years a resident of California and former editor of the Oakland Journal, died at his home in Redwood Canyon Monday evening after a short illness. He is survived by a widow and several children.

COUNTY OFFICIALS

Following is a list of Contra Costa County's officials:
State Senator—J. C. Owens.
Member of Assembly—Will R. Sharkey.
Superior Judge, Department No. 1.—H. H. Latimer.
Superior Judge, Department No. 2.—A. B. McKennie.
District Attorney—Thomas D. Johnston.
County Clerk—Jasper H. Wells.
Sheriff—R. R. Veale.
Tax Collector—M. W. Joast.
Assessor—Geo. O. Meese.
Auditor—A. N. Sullenger.
Treasurer—J. Rio Baker.
Recorder—M. H. Hurley.
Superintendent of Schools—W. H. Hanson.
Surveyor—Ralph Arnold.
Coroner—Dr. Abbott.
Public Administrator—C. E. Daley.
Supervisor 1st District—Zeb Knott.
Supervisor 2nd District—J. P. Casey.
Supervisor 3rd District—V. Hook.
Supervisor 4th District—W. J. Buchanan.
Supervisor 5th District—J. H. Trythall.

Notable visitors at the Exposition will be Mr. and Mrs. Vincent Astor and Mr. and Mrs. Alfred G. Vanderbilt of New York. Both couples have elected a yachting cruise through the Panama Canal as a means of travel, and are now sailing in southern waters on their way to the "Jewel City."

Minneapolis, Minn.—Miss Helen Keller, the wonderful deaf and blind girl, who was at one time totally dumb, recently told friends here that she hopes some time to be able to sing. To that end she is having her voice systematically trained by vocal teachers. Miss Keller is now on a lecturing tour of the country with her devoted teacher, Mrs. John Macy.

St. Louis, Mo.—Mrs. Surilda Mary Adamson enjoys the unique distinction of having had a "dead photograph" taken of herself. To prove her kinship by extreme resemblance to George Hite Cook, whose estate she is claiming as his sister, Mrs. Adamson posed as dead and produced the photo in a suit now pending. Cook's only photograph extant was one taken in his coffin.

Montreal, Quebec.—The petition of Mrs. Annie Langstaff that the bar of the Province of Quebec be ordered to admit her to the examinations preliminary to the study of law, was recently dismissed with cost by Judge St. Pierre, who ruled that "women barristers would be a manifest violation of public decency."

Elizabeth, N. J.—Mrs. Mary C. Hill, 98 years old, is an enthusiastic motorist and attributes her good health to a daily spin in her motor, which she operates herself.

Denver, Colo.—Miss Maurine Daly, heiress to the wealth of the late Joseph Daly, millionaire mine owner of Cripple Creek and Leadville, is soon to marry Natal J. V. D'Ambraglio, once a factory boy in New York, and now a student in the University of Colorado. The groom-to-be is the protégé of Miss Mary L. Pyle, a philanthropist of Flushing, N. Y., who sent him to Italy to study music and later sent him to the university.

Arlington, N. J.—Miss Edna Whig, suing Dr. Arthur H. Nysten of Brooklyn for \$25,000 heart balm, declined to wed him when offered marriage as a settlement, saying that she did not consider it safe to accept marriage from him "at this late date." The case was thrown out of court by the judge.

FREE LECTURES ON BIBLE TOPICS

At College hall, Fourth and Macdonald avenue. Sundays at 3 p. m. The public is cordially invited to attend. No collections.

The Associated Bible Students for 40 years have been calling attention to the time set for the present world war, through the prophecies of the Bible.

The Photo Drama of Creation that has been shown free to the public in America and Europe by this Association for the past year has helped to clear up much of the confusion and misunderstanding of the scriptures caused by the conflicting creeds.

These lectures will answer satisfactorily nearly all the difficult questions in the minds of many.

Don't fail to attend. The schedule is as follows:

- Feb. 28.—The Signs of Christ's Presence. W. L. Domick.
- Mar. 7.—Is This God's Day of Wrath? Robert Craig.
- Mar. 14.—Earth's Great Jubilee; H. Schumacher.
- Mar. 21.—Thy Kingdom Come; L. T. Corti.
- Mar. 28.—Why God Permits Evil; F. H. Driscoll. —adv.

Whirlpool

SANITARY
DISHWASHER
SEE WHAT SCIENCE
HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer
saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation

is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Sent prepaid, returnable at our expense within ten days, if not exactly as represented.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.
The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which discharges the hot soapy water with a swirling effect around, through and over all the dishes, forcing them at all points, and cleaning them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.
Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a discharge of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.
Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

RICHMOND EXHIBIT AT EXPOSITION

(Continued from Page One)

omy has only a little more than \$300 left. It is estimated that \$5,000 more is needed for the best results.

Two more multiplexes, each carrying twenty-four enlarged photos, framed panoramas of the city in 1915 and of the Santa Fe shops, two more oak tables and some more chairs, have been ordered. A brass jardiniere will have to be provided to sit in the Los Angeles Pressed Brick exhibit and some floral baskets to be suspended on chairs in the wide open space on the aisle of the facade.

Stamps to mail literature to people that will leave their names will cost a considerable sum.

Rugs for the floor are needed and other articles. The Los Angeles Pressed Brick company is constructing two ornamental pedestals for the entrance space to the Richmond exhibit.

There is a fine attendance in the Contra Costa and Richmond spaces. The enlarged photos and the general displays attract crowds into the Richmond section and with the special attractions that will be provided there will be constant crowds. Commissioner Bermingham has installed a porcelain drinking fountain—made in Richmond—in the rear of the general exhibit, where Alhambra mineral water is supplied free, and an ornamental sign in the Richmond section announces the fact to

the public.

This is bringing many people through the entire exhibit.

Assistant Commissioner Charles A. Sweeney is having special gift days that draw crowds through the entire Contra Costa space. One of his latest was a celery day. Everybody got a head of celery and there was a steady tide of visitors.

The county has one of the finest exhibits in the entire building and it draws splendidly. The assistance given by the county has made it possible for Richmond to make a creditable display with the limited funds she has. Commissioner Bermingham is having a large sign constructed for the rear of the Richmond display.

A unique feature that is to be put in the Richmond section and that will keep a constant crowd around is a display of weird and unusual fish to be made by J. Ohisi, owner of the carnation nursery in this city. This will represent a Contra Costa industry, as Ohisi is raising these fish commercially. He will install an ornamental aquarium. It is just what the committee wants, for it will keep a constant crowd around.

An effort is to be made to get the Standard Oil Company's mechanical "oil farms." This is in constant motion and always serves to keep a throng around.

"This is a great opportunity for Richmond," said Chairman J. S. Miller of the exhibit committee, "and we should have at least \$5000 to be used from June 1 on, to get the most benefit. Our city should have a space in the Manufacturers' building also, with a photographic display and an attendant there."

THE PROPOSED CHANGES IN PRIMARY LAW

New Law Does Away With Registration as Regards to Party. State Candidates Non-partisan.

Assembly Bill No. 715 is before the Legislature for adoption at its session immediately after the recess. This bill was introduced by C. C. Young, speaker of the Assembly, and is supposed to represent the wishes of the leaders of the Progressive party of this State in an effort to carry out the plan of their platform for the non-partisan election of State officers. It seems to be generally believed that the legislature will adopt this bill as law.

Practically the only changes from our present law has to do with: 1. With the party registration. 2. The election of State officers without any mention of a party. 3. The method of selecting the party committees to represent the respective parties in this State.

The proposed law does not provide for any registration as regards to party at any time. It permits the voter at the time that he asks for his ballot on the day of the primary election to state to the election board the party ticket he desires to vote and a record of the same is kept by the board. The ballot given to him is a ballot upon which the candidates for the nominations of the respective parties for Congressional offices including United States Senator are all placed. The board of election marks with a big rubber stamp the word "candidate" across the names of the parties other than the one with which the voter has stated his affiliation. The voter cannot be challenged because of any statement that he may make as regards to the party ticket he wishes to vote and the Board of Election must allow him to vote the ticket as he requests.

The names of the candidates for all State offices shall be placed upon the ballot in the same way that the judges and county officers were placed upon the ballot of the last primary. The candidate for a State office will run individually for the nomination for the office and no party affiliation will be allowed to be connected with his name upon the ballot. The two candidates for the nomination of any State office at the primary that perceive the greatest number of votes will be the only candidates whose names will be placed upon the ballot for the election in the following November. If one candidate for an office at the primary receives a majority of the votes cast his will be the only name placed upon the ballot at the election and he will be elected unless some other candidate has his name written in a sufficient number of times to overcome the vote for that candidate.

The only candidate to be nominated as party nominees are candidates for members of Congress and United States Senator in the year that the United States Senator is to be elected. The Presidential preference will be expressed at a primary for that purpose in May of the Presidential election year in very much the same manner as at present.

Under the present system the members of the party at the primary elect from the respective districts the members of the county central committee for that county. They also elect a delegate to their party convention to represent the district of the hold over Senators. These delegates, together with the nominees for State offices and members of the Legislature, constitute the State Convention of the respective parties which they represent. Under the new system the nominees of a party for members of Congress and United States Senator hold a conference as soon after their nomination and appoint one Congressional committee for each Assembly District in the State in which a Congressional committee man was not elected at the primary. They then call another conference composed of the nominees of that party for Congress and the committee men so appointed or elected, and this latter conference is the State central committee for their party. No way is provided by

RAILROAD COMMISSION IN CONTROL HAS POWER GRANTING FRANCHISES

Upholding the decision of the Railroad Commission the Supreme Court has just decided that the City of Stockton was not vested with the power to grant the Oro Electric company a franchise to install and operate an electric plant in Stockton to compete with the Western States Gas and Electric company.

Some time ago the Oro Electric corporation was refused by the Railroad Commission a certificate to transmit and sell electric light and power to the city of Stockton on the ground that public convenience and necessity did not warrant the entrance of another lighting company in the field, as the Western States Gas and Electric company amply covered the territory.

The Oro corporation have been granted a franchise by the City council of Stockton to erect poles, string wires and make such other preparations as were necessary to supply light and power to the residents of Stockton. The right of the city council to do this was not questioned in the first hearing of the case, but when the rehearing was granted by the Supreme Court it was denied by the Railroad Commission that the council was vested with any such authority, the charter of the

city of Stockton not having gone into effect until after the Public Utilities Act, giving extraordinary powers to the Railroad Commission had become the law of the state.

Ruling by Court.

After reviewing the provisions of the charter of the City of Stockton, the Supreme Court says:

"The result of all that has been said is that, in our judgment, the city of Stockton did not, when the Public Utilities Act was passed, or when it became effective, have power to grant to electric corporations franchises permitting them to furnish electricity to the inhabitants of the city, if indeed it had the power to grant the limited franchise or right to use the streets for that purpose."

"It follows that the requirement of a certificate of public convenience and necessity, contained in section 30 of the act, did not impair any power of control vested in the city. This conclusion disposes of the case, since it compels the holding that the Railroad Commission did not exceed its jurisdiction in taking cognizance of the application of the petitioner for a certificate or in denying such certificate. The orders under review are affirmed."

GET YOUR LICENSE BY MARCH 1 UNCLE SAM IS AFTER DOCTORS

Any physician, dentist or veterinarian who uses opium or any of its derivatives in practice, or any druggist who sells the drug, must be registered with the United States International Revenue Department

which the members of the party may elect their County committees but the law provides that this State committee may appoint such county committees as they may see fit.

These are the principle changes in our primary law that the new law will make. If enacted it is bound to make a considerable change in the system of the election of men to fill our State offices. It seems to me that there should be a general discussion among the people of the State and an expression of some kind to the Legislature as to public opinion and criticism of the new law. We should at least hear from the press in the matter.

not later than next Monday or be subject to a fine of \$2000 or five years' imprisonment, or both, for using or selling opium or any derivative of opium after that date. The order has been sent broadcast over California and Nevada by J. J. Scott, collector of internal revenue in this district.

This new law aimed at the suppression of the drug traffic was signed by President Wilson last December and becomes effective on March 1st. It aims to control the traffic by the Federal government.

So drastic is the law that no druggist, either wholesale or retail, can sell such drugs unless the order for them is made on a special blank which is issued by the Federal government and issued only to registered persons of the classes named. The blanks are sold for a small sum, and are printed on a paper that is

GREEK WILL BE FINED FOR GAMBLING

Michael Palos, a Greek, charged with having operated a game of "twenty-one" within the corporate boundaries of this city and who was found guilty of such an offense by a jury in the police court yesterday will appear before Judge Lindsey tomorrow afternoon at 2:00 o'clock for sentence.

Despite the fact that Police Judge Lindsey requested the members of the jury to find the man "not guilty," the evidence proved so convincing that after being in session but a few minutes a verdict of "guilty" was brought in.

Attorney C. S. Hannum represented Palos.

DRAMATIC TROUPE AT S. F. READING ROOM

An unusual large audience was on hand last evening to greet the members of the Goldbeck-Perkins dramatic troupe which entertained at the Santa Fe reading room.

The evening was taken up with selections by Edwin C. Goldbeck, bass, and manager, Bernice McNab, pianist, Madge L. Caine, lyric soprano, Gertrude Crosscup-Perkins, reading and recitations and Donald Colefemina, tenor.

difficult to counterfeit.

There are 16,000 persons in the classes named who must register by next Monday, according to Collector Scott, and up to the present less than 4,000 have so registered. In case they do not register, and either sell or use any of the drugs named in the act after next Monday, they will be liable to the fine or imprisonment named.
